The legislative finance committee shall review the adjusted operating budgets no later than August 1, 2020.

B. If, in Sections 1 through 15 of this 2020 act, a general fund appropriation or budget is reduced and funds in excess of the amount of the reduced appropriation or budget have already been allotted to the state agency receiving the appropriation, the department of finance and administration may reduce any other general fund allotment to the state agency in order to recoup the over-allotment of the reduced appropriation or budget. In the case of an appropriation made to one state agency but disbursed or transferred to another state agency, the department of finance and administration may reduce any other general fund allotment to the agency to which the appropriation was disbursed or transferred in order to recoup the over-allotment of the reduced appropriation or budget. The authority provided in this section is additional to any other power the department of finance and administration has to remedy over-allotments, and the grant of authority in this section shall not be deemed to be a legislative determination that the department of finance and administration does not otherwise have the authority provided in this section.
